NatArk

Annual Meeting Copenhagen 27 September 2016

INVITATION

NatArk invites you to the
1-day conference:

Diet and Disease New Perspectives in Bioarchaeology

This conference focuses on
the newest methods and the
latest research on diet and
disease in the past. It will
include presentations on
pathogens, parasites, stable
isotope analysis and
proteomics.

Other papers are welcome.
Presentations will be in
Danish and in English
